XM Mini Tuner Jensen Car Kit

This is a package consisting of:

220CNPJEN1 - XM Satellite CNPJEN1 Jensen Adapter Car Kit Cable

220CNP20UC - Audiovox CNP2000UC XM Mini Tuner with Car Kit

**AUDIOVOX®**  
**ELECTRONICS CORP.**

## *Interface Cable*

*Installation Guide*

## Installation

### Step 1:

Remove the head unit from your dashboard.

**Important:** Depending on how your head unit was installed you may have to remove part or all of your dash board before the head unit can be pulled out. You may also have to remove screws to complete this step.

**Note:** Before proceeding, make sure that the PIA Adapter has been programmed. Refer to the PIA Installation Manual. Professional installation is recommended.

### Step 2:

Connect the 34-pin cable connector to the Programmable Interface Adapter (PIA) mating connector as shown in Figure 1. Slide the rubber strain relief onto the PIA case. Attach the Car Dock USB connector into the USB receptacle on the PIA. Make sure the connectors are secure, and slide the top cover onto the bottom housing. (Refer to Figure 2.)

**Figure 1. PIA Cable Interface**

## *Installation (Continued)*

### **Step 3:**

Connect the end of the cable with the right angle DIN connector and audio cables to the back of the head unit as shown in Figure 2. The shorter end of the cable coming from the PIA is a pass-through cable that can be used to connect other products to your head unit, i.e., CD changer.

**Figure 2. Typical Head Unit, Rear View**

**Note:** The location of the connections on the head unit may vary depending on the model.

### **Step 4:**

Start your car and turn on your head unit to confirm that the XM Direct system is properly connected. Please refer to your stereo owners manual on how to access XM mode. When you tune to XM channel 1, you should see "XM Preview" on your head unit LCD, and hear that channel through your car speakers. If not, check to make sure all connections are correct or refer to the troubleshooting section of this installation guide.

### **Step 5:**

Mount and secure the interface cable in a suitable location that will not interfere with the radio and will not vibrate or rattle after installation.

## Installation (Continued)

### Step 6:

Return the head unit to its original location in the dashboard.

**CAUTION:** Ensure the cables are not kinked or get disconnected when installing the head unit.

**Note:** If you had removed screws to pull the car stereo head unit out, please reinstall the screws.

**Figure 3. Smart Digital Adapter**

## *Installation (Continued)*

### **Step 7:**

If you had removed the dash board during installation please return it back to its original location. (See Figure 4.)

**Figure 4. Typical Dashboard Installation**

### **Completing Activation:**

Now that your XM Direct system has been installed your XM Universal Tuner will need to be activated. Tune your car stereo head unit to the XM Preview Channel, channel 1 and follow instructions for activation. You can also go on-line at [www.xmradio.com](http://www.xmradio.com) in the U.S. ([www.xmradio.ca](http://www.xmradio.ca) in Canada) or call the toll free XM activation number at 1-800-852-9696 in the U.S. (1-877-438-9677 in Canada).

### **XM SATELLITE RADIO OPERATION**

Please refer to the XM Radio Operation section of your owners manual.

## Troubleshooting

### **ANTENNA:**

The XM antenna is not connected to the XM tuner.

- Check whether the XM antenna cable is attached securely.

### **UPDATING:**

Radio is being updated with latest encryption code.

- Wait until encryption code has updated. Channels 0 and 1 should function normally.

### **NO SIGNAL:**

XM signal is too weak or blocked at the current location.

- Wait until the car reaches a location with a stronger signal
- or**
- Wait until the car is in an area that has a clear view of the open sky.

### **LOADING:**

Radio is acquiring audio or program information.

- Wait until the radio has received the information.

### **OFF AIR:**

The channel currently selected has stopped broadcasting.

- Select another channel.

**"\_\_\_\_" or "\_\_\_\_"**

The user has selected a Channel Number that does not exist or is not subscribed to.

- The unit will revert back to the previously selected channel.

**or**

There is no artist name/feature, song/program title, or additional information associated with the channel at that time.

- No action needed.

**AUDIOVOX®**  
ELECTRONICS CORP.

## **12 MONTH LIMITED WARRANTY**

### *Interface Adapter Cable*

AUDIOVOX ELECTRONICS CORPORATION (the Company) warrants to the original retail purchaser of this product that should under normal use and conditions, be proven defective in material or workmanship within 12 months from the date of original purchase, such defect(s) will be repaired or replaced with new or reconditioned product (at the Company's option) without charge for parts and repair labor.

To obtain repair or replacement within the terms of this Warranty, the product is to be delivered with proof of warranty coverage (e.g. dated bill of sale), specification of defect(s), transportation prepaid, to an approved warranty station or the Company at the address shown below.

This Warranty does not extend to the elimination of externally generated static or noise, to costs incurred for installation, removal or reinstallation of the product, or to damage to speakers, accessories or electrical systems. Warranty does not apply to malfunction of satellite transmissions, repeater signals or audio systems or to damage caused by poor installation of the interface adapter cable.

This Warranty does not apply to any product in the opinion of the Company that has been damaged through alteration, improper installation, mishandling, misuse, neglect, accident, or by removal or defacement of the factory serial number/bar code label(s). THE EXTENT OF THE COMPANY'S LIABILITY UNDER THIS WARRANTY IS LIMITED TO THE REPAIR OR REPLACEMENT PROVIDED ABOVE AND, IN NO EVENT, SHALL THE COMPANY'S LIABILITY EXCEED THE PURCHASE PRICE PAID BY PURCHASER FOR THE PRODUCT.

This Warranty is in lieu of all other express warranties or liabilities. ANY IMPLIED WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY, SHALL BE LIMITED TO THE DURATION OF THIS WRITTEN WARRANTY. ANY ACTION FOR BREACH OF ANY WARRANTY HEREUNDER MUST BE BROUGHT WITHIN 24 MONTHS FROM DATE OF ORIGINAL PURCHASE. IN NO CASE SHALL THE COMPANY BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES FOR BREACH OF THIS OR ANY OTHER WARRANTY. No person or representative is authorized to assume for the Company any liability other than expressed herein in connection with the sale of this product.

Some states do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damage so the above limitations or exclusions may not apply to you. This Warranty gives you specific legal rights and you may also have other rights which vary from state to state.

AUDIOVOX ELECTRONICS CORPORATION, 150 MARCUS BLVD., HAUPPAUGE, NEW YORK 11788 • 1-800-645-4994

128-8040

**AUDIOVOX**  
ELECTRONICS CORP.

## **GARANTÍA LIMITADA DE 12 MESES**

*Cable del adaptador de interfaz*

AUDIOVOX ELECTRONICS CORPORATION (la Empresa) garantiza al comprador original de este producto que, en caso de que en condiciones normales de uso este producto o alguna de sus partes presente defectos materiales o de fabricación dentro de los 12 meses de la fecha original de compra, se reparará o reemplazará con un producto nuevo o reacondicionado (a cargo de la Empresa) sin costo de partes o de reparación.

Para solicitar la reparación o el reemplazo que dispone esta Garantía, se deberá devolver el producto con la constancia de cobertura de la garantía (como el recibo de compra con la debida fecha), indicar el tipo de defecto o defectos, enviar con franqueo prepago al departamento de garantías autorizado o a la Empresa, a la dirección que se indica a continuación.

Esta garantía no cubre la eliminación de la estática o ruido generado externamente, los costos de instalación, extracción o reinstalación del producto, daños a los altavoces, accesorios o sistemas eléctricos. La garantía no se aplica al mal funcionamiento de las transmisiones satelitales, señal de la repetidora o sistemas de audio o a los daños ocasionados por una instalación deficiente del cable del adaptador de interfaz.

Esta garantía no cubre a aquellos productos que, a discreción de la Empresa, hayan sufrido daños como consecuencia de alteraciones, instalación inadecuada, manipulación incorrecta, uso indebido, descuido, accidente o extracción del número de serie o etiqueta de código de barras de fábrica. DE CONFORMIDAD CON ESTA GARANTÍA, LA RESPONSABILIDAD DE LA EMPRESA SE LIMITA A LA REPARACIÓN O REEMPLAZO ANTES MENCIONADOS. EN NINGÚN CASO ESTA GARANTÍA EXCEDERÁ EL MONTO DE LA COMPRA ABONADO POR EL COMPRADOR DEL PRODUCTO.

Esta garantía reemplaza a cualquier otra garantía expresa o responsabilidad que pudiera existir. LAS GARANTÍAS IMPLÍCITAS, COMO LA GARANTÍA IMPLÍCITA DE COMERCIABILIDAD, SE LIMITARÁ A LA DURACIÓN DE ESTA GARANTÍA EXPRESA. LAS ACCIONES POR INCUMPLIMIENTO DE LAS GARANTÍAS AQUÍ DISPUESTAS DEBERÁN PRESENTARSE DENTRO DEL PERÍODO DE 24 MESES DESDE LA FECHA DE COMPRA ORIGINAL. EN NINGÚN CASO LA EMPRESA SERÁ RESPONSABLE POR LOS DAÑOS CONSECUENTES O INCIDENTALES DERIVADOS DEL INCUMPLIMIENTO DE ESTA U OTRA GARANTÍA, EXPRESA O IMPLÍCITA. La Empresa no autoriza a ninguna persona ni representante a asumir otras responsabilidades que las expresamente dispuestas en esta garantía, con relación a la venta de este producto.

Algunos estados no permiten la exclusión de daños incidentales o consecuentes, o la limitación sobre la duración de la garantía implícita, por lo que puede que alguna de las anteriores limitaciones no le sea de aplicación. Esta garantía le otorga derechos específicos además de cualquier otro derecho que le pudiera corresponder que variarán según el estado en el que resida.

AUDIOVOX ELECTRONICS CORPORATION, 150 MARCUS BLVD., HAUPPAUGE, NEW YORK 11788 • 1-800-645-4994

128-8040

**AUDIOVOX®**  
ELECTRONICS CORP.

## **GARANTIE LIMITÉE DE 12 MOIS**

*Câble d'adaptateur d'interface*

AUDIOVOX ELECTRONICS CORPORATION (la Société) garantit à l'acheteur au détail d'origine de ce produit que, si ce produit ou toute partie dudit produit, lors d'un usage et des conditions d'utilisation normaux, s'avère défectueux (matériel ou fabrication) dans les 12 mois à compter de la date d'origine, le produit sera réparé ou remplacé par un produit neuf ou remis à neuf (au choix de la Société) sans frais de pièces ni de main-d'œuvre.

Pour obtenir une réparation ou un remplacement dans le cadre de cette garantie, le produit doit être envoyé avec preuve de la couverture de garantie (p.ex., le bordereau d'achat), la description du ou des défauts, en transport payé à l'avance, à un centre de garantie approuvé ou à la Société à l'adresse indiquée ci-dessous.

Cette garantie ne couvre pas l'élimination des charges statiques ou du bruit externes, ni la correction des problèmes associés à l'antenne, ni les frais encourus pour l'installation, ni le retrait ou la réinstallation du produit, ni les dommages aux bandes, aux disques compacts, aux haut-parleurs, aux accessoires ou aux systèmes électriques du véhicule. La garantie ne s'applique pas au mauvais fonctionnement des transmissions par satellite, aux signaux de répétiteurs, aux systèmes audio ou au dommage entraîné par une mauvaise installation du câble de l'adaptateur d'interface.

Cette garantie ne s'applique pas à un produit qui, selon l'opinion de la Société, a été endommagé par une modification, une installation incorrecte, une mauvaise manipulation, un usage à mauvais escient, une négligence, un accident ou par le retrait ou la détérioration du numéro de série/des étiquettes de code à barres apposés à l'usine. DANS LE CADRE DE CETTE GARANTIE, LA RESPONSABILITÉ DE LA SOCIÉTÉ EST LIMITÉE À LA RÉPARATION OU AU REMPLACEMENT MENTIONNÉ CI-DESSUS ET, EN AUCUN CAS, LA RESPONSABILITÉ DE LA SOCIÉTÉ NE DÉPASSERA LE PRIX PAYÉ PAR L'ACHETEUR POUR LE PRODUIT.

Cette Garantie remplace toutes les autres garanties ou responsabilités expresses. TOUTES LES GARANTIES IMPLICITES, Y COMPRIS TOUTES LES GARANTIES IMPLICITE DE POSSIBILITÉ DE MISE EN MARCHÉ, SONT LIMITÉES À LA DURÉE DE CETTE GARANTIE ÉCRITE. TOUT RECOURS POUR MANQUEMENT À LA GARANTIE MENTIONNÉE DANS LA PRÉSENTE DOIT ÊTRE ENTAMÉ DANS UNE PÉRIODE DE 24 MOIS À COMPTER DE LA DATE DE L'ACHAT D'ORIGINE. EN AUCUN CAS, LA SOCIÉTÉ NE PEUT ÊTRE TENUE RESPONSABLE POUR DES DOMMAGES CONSÉCUTIFS OU ACCESSOIRES DUS À UN MANQUEMENT À CETTE GARANTIE OU TOUTE AUTRE GARANTIE. Aucune personne ou aucun représentant n'est autorisé à assumer pour la Société une responsabilité autre que celle exprimée dans le présent document en relation à la vente de ce produit.

Étant donné que certaines provinces ou autres juridictions n'autorisent pas l'exclusion ou la limitation de la responsabilité liée aux dommages conséquents ou fortuits, les limitations ou exclusions présentes ne s'appliquent pas nécessairement dans votre cas. Cette garantie vous confère certains droits :

la législation de votre juridiction locale peut vous en accorder d'autres.

# Introduction & Installation Overview

Thank you for purchasing the AUDIOVOX Protocol Interface Adapter for satellite radio ready car stereo head units. The Protocol Interface Adapter allows you to adapt a satellite radio ready car stereo to receive XM Satellite Radio service.

The PIA is easy to install plugging directly into the car stereo head unit\*. The illustration below shows the installation of the XM Direct system, including the mini-tuner and the antenna.

**\*Professional installation is recommended for the XM Direct System**

## *Installation Basics*

**Note:** Before installation, your PIA must have the proper radio model protocol downloaded. Please see an authorized dealer for programming of your PIA.

When choosing a location to mount the components, care must be taken not to interfere with any of the vehicles existing systems. Good installation practices should be observed when mounting components to avoid any vibration, movement or rattling after installation. When routing the cables avoid blocked passages and any obstructions that could kink, crimp, twist, or chafe the cables. Components should be secured in place with methods such as Velcro, double stick foam tape, screws and nuts, cable ties etc. All mounting hardware and methods are at the discretion of the installer. Cables should also be secured in place to avoid movement. Care should be taken not to crimp any of the cables when installing them. And special care should be taken not to route cables on or near sharp edges that could eventually cut into the jacket of the cable.

## *Installation Planning*

The PIA should be located within 2-3 feet of the radio due to the cable lengths. The antenna should be located in an area to insure the cable will reach the tuner location. Check this prior to installation.

Prior to installation, locate the area where the XM Universal Mini-Tuner shall be installed. Typical locations are the glove box or the center console.

## *Antenna Installation*

1. Best reception is achieved with the antenna mounted on the metal surface of the vehicle roof in the center of an area with at least 12" x 12" of surface area and a minimum of 6" from a window or sun roof.

2. If the vehicle has roof racks or skid ribs, it may be necessary to mount the antenna off-center.
3. If the vehicle roof does not provide sufficient metal surface area then the antenna can be mounted on the metal trunk lid at least 4" from the rear window.

**Caution:** **DO NOT INSTALL ANTENNA INSIDE VEHICLE PASSENGER COMPARTMENT.** Mounting the antenna in the passenger compartment either on the front dash board or on the rear window deck area of the vehicle may interfere with reception and must be avoided.

**Caution:** Mounting the antenna on a non-metallic surface will also result in severe degradation in reception.

4. If an appropriate antenna mounting location cannot be identified, contact your local distributor installation department for additional guidance.

### *Cable Routing*

1. Once you have mounted the antenna in the correct location, plan how to route the cable from this location to the receiver, avoiding blocked passages and any obstructions that could kink, crimp, twist or chafe the cable. If the cable will come in contact with a rough metal opening, use a rubber grommet to prevent damage.

2. For antenna mounting locations at the front or middle of the roof, the cable can be routed down along the door jam and into the car. In some cars, the cable may be brought into the vehicle through the grommet in the door jam which carries the power window and power lock wires. If the cable does not fit easily through this grommet, do not try to force it through. Instead, route the cable under the weather seal near the lowest part of the trunk to reduce possible water leaks.
3. Use pre-existing wiring channels created by the vehicle manufacturer whenever possible.

### *Tools Required*

The antenna contains a powerful magnet that will secure it to a metal roof under normal driving conditions. No additional tools should be needed to mount the antenna.

### *Installation Procedure*

#### **Step 1**

Remove the car stereo head unit from your dash board.

**Important:** Depending on how your head unit was installed you may have to remove part or all of your dashboard to remove the head unit before the head unit can be pulled out. You may also have to remove screws to complete this step.

#### **Step 2**

Connect the cable into the PIA. Plug the other end of the cable into the head unit adapter. Read your cable installation manual for proper installation to your specific head unit.

**Step 3**

Start your car and turn on your unit to confirm that the XM Direct system is properly connected. When you tune to XM channel 1, you should see "XM Preview" on your head unit LCD, and hear that channel through your car speakers. If not, check to make sure all connections are correct or refer to the troubleshooting section of this installation guide.

**Step 4**

Mount and secure the PIA in a suitable location that will not interfere with the radio and will not vibrate or rattle after installation.

**Step 5**

Return the car stereo head unit back to its original location in the dash board, be careful with cables that you just installed so that they do not unplug or get kinked by the head unit.

**Note:** If you had removed screws to pull the car stereo head unit out please screw those back in.

**Step 6**

If you had removed the dash board during installation please return it back to its original location.

### *Completing Activation*

Now that your XM Direct system has been installed your XM Universal Tuner will need to be activated. Details on how to operate your head unit in XM mode are listed on the following page. Tune your car stereo head unit to the XM Preview Channel, channel 1 and follow instructions for activation. You can also go on-line at [XMradio.com](http://XMradio.com) or call the toll free XM activation number at 1-800-852-9696. Once you have activated your tuner box make sure the XM antenna on the outside of your car has an unobstructed view of the sky.

## *XM Satellite Radio Operation*

Please refer to the "XM tuner control features" section of your cassette, CD or mobile video receiver manual for instructions on operating your XM satellite radio service.

### *XM Radio ID*

1. During XM Satellite Radio reception, press the Seek button to select "CHANNEL 0."
2. Press the "Seek – (down)" button. "RADIO ID" is indicated for 2 seconds and the XM Radio ID number is indicated for 10 seconds.

To cancel the XM Radio ID display, press the Seek button to select a channel.

## *Troubleshooting*

### *No Sound*

- Adjust the volume control of the head unit.
- Make sure that all of the cables between the PIA and the head unit and the tuner are securely plugged in.

### *Advisory Message*

When a problem occurs with the XM Direct system, an error message will be indicated on the display of the head unit.

### **ANTENNA**

The antenna is not connected properly.

- Check the connection of the antenna to the XM tuner.

### **UPDATING**

Radio is being updated with latest encryption code.

- Wait until the encryption code updates. Channels 0 and 1 should function normally. You have not subscribed to XM service.
- Contact XM to subscribe.

### **NO SIGNAL**

XM signal is being blocked from reaching the XM antenna.

- The message should disappear as soon as you move out of an obstructed area such as an indoor garage. If the problem persists, make sure your antenna is mounted outside and on top of the car with a clear view of the sky.

## *Troubleshooting (Cont)*

### **OFF AIR**

The channel currently selected has stopped broadcasting.

- Automatically switches to valid channel. No action is required.

### **LOADING**

The receiver is reading the channel information.

- Wait until the XM tuner completes receiving the information.

### **NO INFO**

No information is available to display.

- No action is required.

### **"CH---"**

The channel to be tuned is void due to a channel lineup change. The tuner will automatically switch to a valid channel.

- No action is required.

### **OTHER SYMPTOMS**

Should any problem persist after you have made the following checks, call Audiovox for help at 1-800-645-4994 on any business day, between 9 A.M. and 5:30P.M., EST and ask for Technical Support.

**AUDIOVOX®**  
ELECTRONICS CORP.

**12 MONTH LIMITED WARRANTY**  
**PROGRAMMABLE INTERFACE ADAPTER**

CNP2000UC

AUDIOVOX ELECTRONICS CORPORATION (the Company) warrants to the original retail purchaser of this product that should under normal use and conditions, be proven defective in material or workmanship within 12 months from the date of original purchase, such defect(s) will be repaired or replaced with new or reconditioned product (at the Company's option) without charge for parts and repair labor.

To obtain repair or replacement within the terms of this Warranty, the product is to be delivered with proof of warranty coverage (e.g. dated bill of sale), specification of defect(s), transportation prepaid, to an approved warranty station or the Company at the address shown below.

This Warranty does not extend to the elimination of externally generated static or noise, to costs incurred for installation, removal or reinstallation of the product, or to damage to speakers, accessories or electrical systems. Warranty does not apply to malfunction of satellite transmissions, repeater signals or audio systems or to damage caused by poor installation of included components such as magnetic roof mount antenna, programmable interface adapter or receiver docking station.

This Warranty does not apply to any product in the opinion of the Company that has been damaged through alteration, improper installation, mishandling, misuse, neglect, accident, or by removal or defacement of the factory serial number/bar code label(s).

## **WARRANTY (Cont)**

THE EXTENT OF THE COMPANY'S LIABILITY UNDER THIS WARRANTY IS LIMITED TO THE REPAIR OR REPLACEMENT PROVIDED ABOVE AND, IN NO EVENT, SHALL THE COMPANY'S LIABILITY EXCEED THE PURCHASE PRICE PAID BY PURCHASER FOR THE PRODUCT.

This Warranty is in lieu of all other express warranties or liabilities.
